

REWARDS PROGRAM

WHAT IS IT?

A simple and efficient way for us to store your past purchases for future reference, and a GREAT way for you to earn \$25 of store credit for every \$500 (pre-tax) you spend with us!

HOW DOES IT WORK?

Give us your first and last name every time you shop with us! When you've spent \$500 the system will automatically add a \$25 store credit to your profile to use as soon as 24 hours later. At that point the cashier will be automatically prompted to apply ONE \$25 reward to your next purchase of \$25 (pre-tax) or more. *Please note that we cannot apply more than one reward to a single purchase, and the system takes into account any returns you might make.*

We do not offer rewards to our trade customers or anyone else who already receive a set discount percentage.
